Trinity Standards

Our Trinity Standard is expressed in the grid below – showing the different strands expected under each of the 7 categories. These are not expected to be seen in every lesson, but instead they should be evident over time. Observations will be looking at areas of strengths and highlight areas to develop from these categories.

Intent

To deliver the content of the national curriculum augmented with knowledge and understanding which will enable our pupils to **“live life in all its fullness”**.

Trinity has created a **knowledge engaged progress model** which clearly outlines the:

- **key knowledge and vocabulary** to be delivered and;
- **character developing experiences** to be offered

at specific milestones from reception through to Year 11

Implementation

Through seven key principles that make up the Trinity Standard for Teaching and Learning.

Impact

For our pupils to:

- achieve academic success;
- be prepared for the next step of their journey through Trinity and beyond;
- gain cultural and social capital;
- be able to procedurally engage with a rich web of knowledge;
- become courageous advocates who fight social injustices.

LEARNING • LOVING • LIVING

1.High Expectations and Behaviour for Learning

- 1.1 Challenge is consistently high (see Challenge section)
- 1.2 Pace of session maintains pupil motivation and is responsive to pupil need
- 1.3 Up to half of session is dedicated to modelling, questioning and feeding back to pupils before practice begins with pupils' attention maintained throughout
- 1.4 Pupils are appropriately greeted and have access to resources / prompts / scaffolds / books as soon as they enter classroom
- 1.5 Pupils respond appropriately and swiftly to transitions within sessions and are well routined – expectations have been put in place and demanded at each stage of the session
- 1.6 Silence during key phases of sessions is demanded – including during modelling and independent practice (where appropriate)
- 1.7 Pupils know appropriate responses to key parts of session – when to put hands up / when to talk aloud / how to speak to partners / adults
- 1.8 Positive body language is demanded from all pupils at all stages of session (sitting up straight, all pupils participating when asked to, no swinging on chairs or slouching)
- 1.9 Rewards / praise given throughout session to motivate and reinforce high expectations
- 1.10 Trinity Behaviour policy is adhered to by teachers and pupils
- 1.11 Use of Trinity Language (age appropriate) reinforces expectations at all stages of session - 'never give up'; 'Terrific Trinitarian'; 'open minded'; 'knowledgeable'; 'insightful'; 'caring'; 'principled'; 'resilient'; 'reflective'; 'courageous'; 'independent'.

2.Challenge

- 2.1 Top down teaching – one lesson purpose for all – appropriately scaffolded
- 2.2 Pupil engagement is high – thinking is required for all
- 2.3 Cognitive load is balanced – tasks are not over sugar coated / too experiential
- 2.4 High quality procedural tasks set – learning/knowledge is applied to other contexts
- 2.5 Next steps/learning/extensions are clear, understood and available to all pupils

3.Modelling

- 3.1 Makes use of direct instruction – 'Just tell them' when introducing new concepts – experiential learning to take place *after* new learning is introduced

- 3.2 Uses pre-prepared models pitched at or above national expectations
- 3.3 Live Modelling is clearly broken up into small, well defined steps – ensuring cognitive load is balanced
- 3.4 Modelling is focussed on learning objective taken from KAOs or Knowledge organisers or Key Stage curriculum
- 3.5 Makes use of concrete – pictorial - abstract strategies/models to embed understanding
- 3.6 Models ‘thinking aloud’ whilst demonstrating – to further embed metacognitive strategies
- 3.7 Models making mistakes to avoid future misconceptions
- 3.8 Provides prompts/scaffolds and explicitly models how to use them
- 3.9 Uses pupils’ learning to provide high quality models (use of visualizers)
- 3.10 Provides opportunities for pupils to model to class
- 3.11 Nearly all new learning / tasks / written responses are modelled to pupils before task begins

4.Questioning

- 4.1 Questions used at all stages of session – spread across as many pupils as possible
- 4.2 Declarative questions used to recall, review and apply (predominantly closed responses)
- 4.3 Procedural questions used to apply, analyse, evaluate and create (predominantly more open-ended questions)
- 4.4 Targeted/pre-prepared questions used specific to pupils and/or objectives
- 4.5 Mixture of response required – hands up / all respond (thumbs up / whisper etc.) / random responders / bounce or share question
- 4.6 ‘Serve – return – raise the challenge’ format used to up-level responses
- 4.7 A/B/C questioning techniques (pupils asked to Agree/Build upon/Challenge other pupils’ responses)
- 4.8 Questions are ‘anchored’ – enough time given / repeated to ensure pupils have time to think

5.Practice

- 5.1 Guided practice is used (‘we’ section from gradual release model) and interwoven with questioning and modelling
- 5.2 Scaffolds/prompts made available to guide practice for pupils
- 5.3 Opportunities for pupils to demonstrate knowing what they do/do not know at the guided practice stage to further embed metacognitive strategies
- 5.4 Opportunities for collaborative practice – primarily in mixed prior attainment pairs, predefined by teacher, with clear roles defined
- 5.5 Opportunities for independent practice to aid ‘over learning’ for later automatic recall
- 5.6 Opportunities for independent practice through procedural tasks to embed new learning
- 5.7 Teacher regularly circulates the room and checks for understanding across all groups during stages of practice

6.Reviewing

- 6.1 ; begin with review of previous learning/knowledge/vocabulary taken from knowledge organisers / KAOs
- 6.2 Review of learning often 'top and tails' session
- 6.3 During session links are constantly being made between prior and current learning – often elicited from pupils themselves
- 6.4 Low stakes quizzes used – taking different format/style/order of questioning in order to interleave knowledge
- 6.5 Spacing of knowledge recall through weekly/monthly/half termly cumulative reviews

7.Feedback

- 7.1 Whole class feedback/feedforward given
- 7.2 Live verbal feedback given and acted upon during session
- 7.3 Live written feedback given to agreed prompts/scaffolds/priorities and acted upon during the session
- 7.4 Opportunities for peer assessment to agreed/predefined objectives/success criteria
- 7.5 Opportunities for self-assessment to agreed/predefined objectives/success criteria to aid metacognitive strategies
- 7.6 Feedback clearly results in progress over time in books and data
- 7.7 Acting on feedback is modelled to pupils clearly – often under visualizer with actual pupil's learning
- 7.8 Feedback about the process rather than specific outcome is given to further develop metacognitive strategies
- 7.9 Feedback takes place at all stages of session – particularly during guided, collaborative and independent practice stages – consistent checks for learning linked to the lesson purpose
- 7.10 Feedback from previous learning links sessions together over time
