SECONDARY NEWS AND EVENTS

ACTIVITIES CORNER

TRINITY BAKE OFF HAS BEGUN!

The bakers were in the room today starting with a signature challenge of a fruit tart with a fresh custard. They all did fantastic and judges were very impressed. No hand shakes yet, but the technical challenge results next Monday may get one. Big shout out to Fathan and Hania for organisers, Dorothy for her expertise, Gustavo, Olivia, Jemal, Ika and Zela for baking and to Ms Shrooback and Ms Clarke for their perfect palates when it came to judging!

JEWELLERY CLUB

Our members have been building their skillset through application of maths and science. They have measured their fingers and accounted for wire diameter before shaping copper into a ring and soldering a closed. Artistic and engineering skills will be developed this week to texture and polish the ring to give unique finished products. If you want to try your hand at doing the same, come and see Mr Keen in the Science department.

Our current Y9 pupils work experience will run from November 28th to December 9th when they return next term in Y10. This is a fantastic opportunity for students to spend time outside the classroom, learn about the world of work and develop their employability skills for the future. Go Trinity!
