Dear Trinity families

Wishing you all a very Happy New Year! It is lovely to see the pupils back from the Christmas break and keen to learn. I hope you all enjoyed a relaxing and restful Christmas. Welcome to the first through school newsletter. This replaces the separate weekly primary and fortnightly secondary newsletters. The aim is to pull all the information together into one document to show all our parents the terrific experiences and events that occur across our whole school. The regular items from both the previous versions will continue and we will be developing the format as we progress through the year. The calendar will be updated each week on the back page, but please do note that we have made it clear the dates that are specific for the Primary Phase and those that are key for the Secondary. If you have any suggestions on how we can improve the format please do let us know.

We have had an amazing start to the term already. Pupils are straight back into their routines and are working hard already looking at methods to improve in all their subjects. It was great seeing the pupils arrive on the first day in their smart uniform looking so excited about being back at school. The change in confidence from the start of year to now with our reception and year 7 pupils is phenomenal. One of the big messages given out this week is that year 11 have only 15 school weeks left before their Public Exams begin – so it is right back to business.

Thank you for all your support. Have a great weekend and week ahead.

David Lucas  
Executive Headteacher – Secondary & Primary Phase  
Trinity All Through School

## Secondary Phase Knowledge Organisers

The third set of Knowledge Organisers have been given out this week to all secondary pupils. Please do read the inside front cover with them over the weekend. It is important that they are using the timetable to develop their retrieval practice to help them develop their knowledge over this term. Knowledge is 'Power' and will support their progress. We have adapted them slightly based on the feedback received from our secondary parents.

## Upcoming Parent Evenings

### PRIMARY PHASE

Parent Evenings

Wednesday 6<sup>th</sup> February 3:45 – 6pm

Thursday 7<sup>th</sup> February 3:45 – 6pm

### SECONDARY PHASE

Y10 Parents Evening

Tuesday 5<sup>th</sup> February 3:45 – 6pm

#### UNIFORM

As you are aware the primary has moved back to the school policy on uniform after Christmas after trialling a new system. All pupils should attend every school day in full uniform. Boys and girls do change in the same room up to and including Year 3 with at least two adults in the room to supervise them.

After Year 3 we use designated spaces separately for boys and girls. A huge thank you to all the parents that have ensured their son / daughter has attended school in the full school uniform – they look amazing.

Full uniform  
please

Dear Trinity families,

I wish you all the very happiest of new years for 2019. In the Primary Phase we have started the New Year as we mean to go on – with lots of exciting learning!

In Key Stage Two, Year Five have begun their topic around the Tudors by learning all about the Battle of Bosworth; Year Four have been designing and writing about their very own dragons, as their whole class text is *How to Train Your Dragon* by Cressida Cowell; and Year Three have been creating their own hieroglyphics whilst learning about Ancient Egypt.

In Key Stage One, Year Two have discovered the first 'famous face' of their History topic – Florence Nightingale - learning all about her life and designing lanterns; and Year One have been designing space suits for Baby Bear as part of their DT driver topic of 'Blast off!'.

Finally, in Early Years, Reception have been busy building and creating famous London landmarks, like Big Ben, as the start of their 'Where in the World' Topic.

Thank you to all families who supported children in their optional home learning tasks last half term. The pictures you will see later in this newsletter show how much care was taken and how well received our exhibition style showcase in the last week of term was. Look out for the latest home learning log activities coming out this week!

As ever, I wish you the very best of weekends, full of rest and fun, ready for learning on Monday.

## HOME LEARNING LOG EXHIBITIONS : AUTUMN TERM

During the last week of term each class held their very first 'Learning Log Exhibition'. Children were able to set up a 'stand' and showcase their learning whilst their classmates walked around observing their hard work and asking questions about their learning. The children loved sharing their home learning with their peers and it was fantastic to see all the hard work that has been happening at home. Click on the link below to view the photos.

## LET'S GO FLY A KIT

Year 4 took the kites they had made to Blackheath to see just how amazing Their DT skills are! Click on the link below to view some awesome pictures.

## GREAT STONE AGE BAKE OFF : JAM MAKING

Before Christmas, Year Three became Gatherers (of the Hunter – Gatherer kind) and had a go at making prehistoric jam.

To ensure they were not eating poisonous berries, they had to classify the berries using a decision tree. They had a selection of berries, a short paragraph describing the fruits and their Latin names. They then had to use the decision tree to accurately identify the berries common title. When we knew our berries were safe we went to the kitchen to have a go at making jam as they would have in the prehistoric era. Click on the link below to view more awesome pictures of our Year Three's working hard to identify their berries and make jam!

## Year 3, 4 and 5 Parent and Child Workshop

**'How to help with a Maths Review'**

Thursday 24th January

2.30- 3.30pm

We are holding a parent workshop to support parents when helping their child with maths at home.

Lots of children bring home maths reviews, and in the session we will explain how to work through a maths review and give you a chance to complete one with your child.

If you have any questions please see Miss K

## Reception

### Maths Morning

Tuesday 15th February

9.15- 10.15

We would like to invite you to drop in to our maths morning in the Reception classrooms.

There will be lots of maths activities set out on all of the tables to give you an idea of how we teach maths in Reception, as well as some of the activities the children do throughout the week.

You will get to have a go at these activities with your child and ask the staff any questions you may have about how to support with maths at home.

You are warmly invited to Trinity Parent Payer Group

Thursday 31st January at 9am

Meeting at the Primary site.

Come and have a coffee,

meet other parents in our all through school

and pray together for our Trinity Family.

GCSE MUSIC PUPILS – TRIP TO ‘WICKED’

30 GCSE Music pupils and Gifted & Talented Year 8s enjoyed a lovely trip to see ‘Wicked’ the musical at the Apollo Victoria Theatre on Wednesday 9<sup>th</sup> January.

‘Defying Gravity’ the climactic song at the end of Act I is a set work for the GCSE Music course and it was a fantastic opportunity to see the piece live and in context of the whole show.

Year 11s found themselves singing along whilst the year 8s were amazed at the show and live musicians.

The trip was kindly made possible through Year 11, Morgan Seward’s Jack Petchey winnings

Congratulations

Congratulations to the following four pupils who passed their music exams with ABRSM last term.

Katie Lindsey  
Grade 1 Flute with  
Distinction

Bradley Barnes  
Grade 4 Saxophone

Patrick Meehan  
Grade 4 Violin

Eddie Lindsey  
Grade 6 Saxophone

Year 7 and 8 have been working with the For Jimmy Foundation this week looking at personal safety, their community and how we can make Safe Havens for everyone. This project will run for the next 6 weeks and following this year 5 will also be involved fully with this amazing community project. Safe Haven is a safe place young people can turn to if they feel they are in danger. Shops display a sticker that promises protection, building a safer community on your local high street. The key to Safe Havens is connected communities. It’s about taking young people beyond their school gates and inspiring them to learn about their local community and how they can have a positive impact on it. Young people build relationships with shop keepers and other community members such as the police, MPs, faith leaders and parents

CHAPLAIN’S CORNER

*When the magi saw that the star had stopped, they were overwhelmed with joy. On entering the house, they saw the child with Mary his mother; and they knelt down and paid him homage. Then, opening their treasure-chests, they offered him gifts of gold, frankincense, and myrrh.*  
Matthew 2:9-11

What has been your best discovery recently? We are now in the season of Epiphany which is about discovery. The season of Epiphany begins with the story of the wise men bringing gifts to Jesus. This story is about the wise men who are on a journey guided by the star, and their discovery that Jesus is the Christ child. In Trinity family may our educational voyage of discovery excite our quest to learn and help us to flourish.

*God, light for all people and all places,  
By the guidance of a star you led the Magi to worship the Christ Child.  
By the inspiration of our faith stories lead us to new faith.  
And by the light of education lead us to new learning.  
Amen*

Reverend Juliet Donnelly
